On May 21 2002, the Members agreed to delay comment on the Alternative Project Selection Process until the Members Management Group had a chance to meet with Eric Bloch to discuss this issue at their June 13th meeting. The Members also directed me to contact Tony Nigro (ODFW) to request that he contact Eric Bloch and have Eric request a two-week delay in the comment period. I have been informed that this is not an appropriate approach. Therefore, I have arranged for a MMG conference call tomorrow, May 23, 2002 at 3:00 p.m., to discuss this issue. I need guidance on whether the Members want to pursue a consensus position. If so, do you want me to submit a letter requesting a delay in close of comments?
