**Memorandum**

**TO:** Brian Lipscomb, CBFWA Executive Director  
Kathy Titzler, CBFWA Financial Director

**FROM:** Gary James, Fisheries Program Manager  
Carl Scheeler, Wildlife Program Manager

**DATE:** January 18, 2007

**SUBJECT:** Request for additional funding for CTUIR involvement in CBFWA

Due to an increase in involvement in CBFWA activities in 2006 (mainly past RM&E planning assistance provided to CBFWA staff by former employee Jesse Schwartz), the CTUIR has no remaining funding for participation in CBFWA activities through March 2007. We request additional funding of \$10,000 to maintain current and anticipated involvement in Wildlife Advisory and Anadromous Fish Committees and MAG and the increased tasks associated with the upcoming NPCC program amendment process.

The funds would be use as follows: \$8,000 for F&W Program Managers staff time and \$2000 for travel to various meetings by technical and policy representatives.

Thank you for consideration of this request.
