Holmes
S:19; T18N R18E
Tract # 823

Tract and field data meets or exceeds national map accuracy standards of +/- 20 feet used in the development of NRCS digitized soils surveys. The Soil data layer is a draft version and therefore may not meet NRCS specifications. County parcel data is in draft version. Draft data should not be used for decisions on the use of specific tracts of land.

Produced by the Kittitas County Conservation District
