Subject: COORDINATION FUNDING OFFER - RESPONSE

Jann,

This e-mail serves as official communication between the Fort McDermitt Tribe (Tribe) and CBFWA regarding the \$3,000 coordination (time and travel) funding available through March 2012.

The Tribal Council has expressed interest in the available funds and has directed me to request for the funding as well as any contracts that may need to be put into effect to obtain this funding.

Please provide the Tribe with a contract for consideration and review for final approval.

Regards,
